ABOUT CREEK

Are you looking for just the right place for your child to play sports? A place for your child to learn the game, have positive role models, to learn self-confidence and develop their skills at many levels? Or a team where coaches and athletes work in a respectful environment that focuses on good sportsmanship, community, team awareness, and friendships?

Cherry Creek Youth Sports (CCYS) is a non-profit, all volunteer youth sports organization. We are dedicated to developing quality athletic programs for children K-8th grade in the Cherry Creek District and surrounding communities. It's time to Get in the Game.
